- This is issued to individuals who have completed registration for their Myna Health Insurance Card, allowing them to check their health insurance eligibility.
 - If you have received an Eligibility Notice, please use your **Myna Health Insurance Card when visiting medical facilities.**
- *Please note that you cannot receive medical treatment solely with the Eligibility Notice; however, if you are unable to use your Myna Health Insurance Card at a medical facility—such as due to a malfunction in the facial recognition card reader—you may still receive treatment by presenting your Myna Health Insurance Card along with the notice.
- *As a general rule, the Eligibility Notice for individuals under the age of 70 has no expiration date. Individuals under the age of 70 who already have an Eligibility Notice may not receive a new one.

If you do not have a Myna Health Insurance Card, you will receive an Eligibility Certificate!

Eligibility Certificate

- This is **necessary for individuals** who do not have a My Number Card or who have not registered it for use **to receive medical treatment at a medical facility or similar institution.**
- There is an expiration date. When the certificate expires, a new one will be sent to you automatically without application.
