金沢市指定避難所マップ

Map of evacuation shelters designated by the City of Kanazawa

このマップは、学校、公民館などの金沢市の指定避難所の位置を示しています。災害に備えて、お近くの指定避難所を確認していただきたくして作成しました。

This map shows the evacuation shelters designated by the Kanazawa municipal government, such as schools and community centers. Please confirm where the nearest evacuation shelter to you would be in case of a disaster.

指定避難所

金沢市は、学校、公民館及びその他の施設、2,000m²以上の利用可能面積を持つ公園などを指定避難場所にしていますが、このマップでは、学校、公民館及びその他の施設の指定避難所の位置を示しています。

拠点避難所

指定避難所のうち、全部の小学校と一部の公民館は、災害時に地域防災活動の拠点となる拠点避難所とされています。

Evacuation Shelters

Although the city of Kanazawa has designated schools, community centers and other facilities, as well as parks with a usable area of 2,000m² or more, as evacuation area, this map only shows the locations of designated evacuation shelters(schools, community centers and other facilities).

Main Evacuation Shelters

All elementary schools and some community centers are designated bases for evacuation activities.

避難所

市民が避難する必要が生じた場合、「避難所」は、国籍に関係なく誰でも利用できます。また、お住まいの近くの避難所でなくとも利用できます。

Evacuation Shelters

If evacuation is required, the evacuation area will be assigned from among the designated evacuation shelters. Anyone may use an evacuation shelter regardless of nationality, and you may use an evacuation shelter even if it is not the one nearest to you.

避難所生活基本計画

金沢市の地域防災計画では「避難所」で、次のような活動内容が計画されています。しかし「避難所」が開設されるなどは、被災地ではライラン(電気、ガス、水道)がストップするなどの混乱が予想されますので、皆で協力して運営していくことが必要になります。

Basic Plan for Life in the Evacuation Shelters

According to the Kanazawa Local Disaster Prevention Plan, activities in the evacuation shelters will take place as follows. Please be aware that when an evacuation shelter is set up, it is presumed that essential services such as electricity, gas, and water will be shut down, and as a result your cooperation will be necessary to manage the evacuation shelters.

○自然災害にそなえましょう!!

◆地震

日本は震度が多く、石川県では2024年1月に令和6年能登半島地震(最大震度7)が発生しました。近年全国各地で大きな地震が発生しているので、被害を最小限にできるようご当地から対策をとっておきましょう。

(地震対策の例)

- 家具などは倒れないように安定させておきましょう。
- 家具の上に箱や物を不安定にしないようにしましょう。
- 寝室には倒れやすい家具や落ちやすい物を配置しないようにしましょう。
- 火を使う器具の周辺には燃えやすいものを見かないようにしましょう。

Preparation for natural disasters!

◆Earthquakes

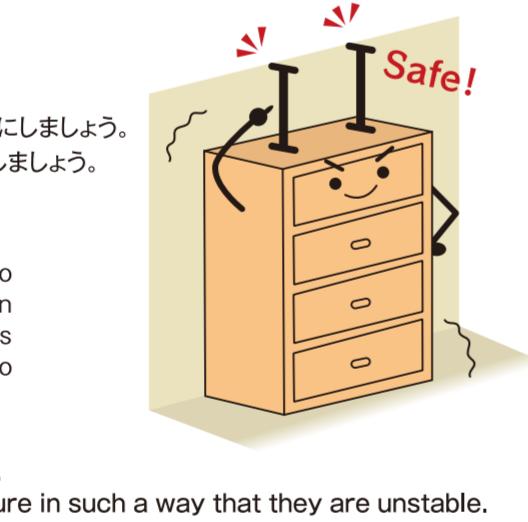

Japan is prone to earthquakes. In January 2024, the Noto Peninsula Earthquake (maximum intensity 7) occurred in Ishikawa Prefecture. In recent years, major earthquakes have occurred in many parts of Japan, so it is important to take measures on a daily basis to minimize damage.

(Countermeasures against an earthquake)

1. Stabilize your furniture so that it cannot fall down.
2. Do not place boxes and other items on your furniture in such a way that they are unstable.
3. Do not place furniture or items that could easily topple over in a bedroom.
4. Do not place flammable items near a unit that operates using fire.

○避難は冷静に

地震が起きたら、身の安全を確保するために家具や照明器具から離れてください。丈夫なテープルに身をかくしょん。

外出先で起きた場合は、川や海沿い、がけができるだけ早く離しましょう。搖れが止まらないときは、火元を確認し、ガス栓や水道の蛇口を閉めて、電気のブローカーを切り、家ではドアを開けて出口を確保し、いつも避難できるように準備しておきましょう。避難所に移動するときは、周囲の落下物に注意しながら走り出します。

Calm evacuation

If an earthquake happens, keep away from furniture and illumination units to ensure your safety and crouch under a solid desk or table. If you are out of your house, get away from rivers, coasts, or cliffs as quickly as possible. When the shaking stops, check possible sources of fire, close the gas cocks and water taps, and turn off the electric breakers. Then, open a door to the outside to secure an exit for evacuation. When you go to the evacuation center, move in a calm manner, looking out for falling objects around you.

○台風(暴風・豪雨)

台風が近づいてくるときは、テレビやラジオの気象情報を注意し、被害を最小限にできるようご当地から対策をとっておきましょう。

(対策の例)

- 1.家の周りを点検し、暴風で飛ばされたり倒れやすいものは家の中に入れておきましょう。
- 2.屋根、瓦など補強しておきましょう。
- 3.停電に備えて懐中電灯、携帯ラジオを用意しておきましょう。

Typhoon (strong wind and heavy rain)

If a typhoon is drawing near, listen to TV or radio weather information, and take measures to minimize damage. If a landslide is forecast, quickly evacuate to a safe place.

(Countermeasures)

1. Check around the outside of your house, and take items that might fall down or be blown away if there is a strong wind into the house.
2. Reinforce your roof tiles, as well as plants in your garden.
3. Keep a flashlight and a portable radio on hand in case there is a power failure.
