

Precautions Regarding the Notification of Change of Destination Address for Tax Notices for Fixed Asset Tax and City Planning Tax

1. The destination address set using a Notification of Change of Destination Address takes priority over the address shown in the government resident register (juminhyo), etc.
Because of this, in the event of a move or other change of address after a destination address has been set using this form, tax payment notices will still be sent to the address set using the Notification of Change of Destination Address, rather than the new address after the move.
2. The Destination Address Will Not Be Abolished Unless Requested.
Even if fixed assets subject to taxation cease to be held in Kanazawa City, as a general rule, the destination address will not be abolished.
If new fixed assets (including shared assets) are later acquired, a tax payment notice will be sent to the previously set destination address. To change or abolish a destination address, please submit a Notification of Change of Destination Address to the Property Tax Section.
3. Because the destination address is set for an individual or a corporation, it is not possible to set a destination address for only certain tax payment notices.
For example, if you have fixed assets through sole possession, as well as through joint possession as a common representative, all tax notices will be sent to the delivery destination that has been set using the Notification of Change of Destination Address.
4. Even if the destination address is set to an address that is not the address of the taxpayer, the taxpayer will not be modified.
5. In cases where someone other than the taxpayer submits the notification, a notice may be sent to confirm consent. If consent cannot be confirmed, the destination address cannot be changed.
6. If you have any questions, please contact us at the Property Tax Section.

Destination Address Set (To Be Kept by the Taxpayer)

Date Destination Address Is Set: (year) (month) (date)

※Please store these precautions regarding the Notification of Change of Destination Address for Tax Notices for Fixed Asset Tax and City Planning Tax in a safe place.
