ごみの分別一目瞭然！！
ごみ出し忘れも一気に解消！！

The screenshot displays several features of the app:

- Search Results:** Shows search results for 'いす' (Chair) with details like type (Flammable waste), size (80% metal parts, under 70cm), and notes (Metal parts 80% under 70cm).
- Collection Point Map:** A map of Kanazawa city showing numerous collection points marked with colored pins.
- Notification Settings:** Allows users to set up notifications for specific collection days. It includes a section for '地区がわからない方はこちら' (If you don't know the area) and a toggle switch for '通知を受け取る' (Receive notifications).
- Collection Day Notifications:** A section for '燃やすごみ' (Flammable waste) with a note about bagging items under 70cm and a list of prohibited items like CDs/DVDs and plastic bags.

A large yellow banner across the bottom of the interface reads: 'ごみの分別検索や 古紙等回収 ごみ収集日通知など 多彩な機能を搭載！' (Garbage separation search, old paper recycling, garbage collection day notifications, etc. Many functions included!).
