

Kanazawa Flood Hazard Map Saigawa School Zone

Heavy rain that occurs once every 1000 years or more
Estimated maximum scale

Rainfall criteria prerequisite to designation of estimated flooding areas

Saigawa River: two day total rainfall 860mm
Asanogawa River: two day total rainfall 914mm
Inland water: one hour rainfall 130mm
(Heavy rain that occurs once every 1000 years or more in general)

Estimated flooding areas due to **estimated maximum scale rainfall (once every thousand years or more)** for river overflow flooding and inland water flooding show the range and risk of flooding. In addition, areas historically flooded since 2008 or later are included. Please note there is a potential for flooding in the areas outside the estimated areas, depending on rainfall conditions.

Legend

Symbols for evacuation	Map symbols
Main evacuation center	Administrative boundary
Designated evacuation center (indoor)	School zone (block) boundary
Main highway	Government office
Dangerous points on the way to evacuation	Fire station, fire brigade etc.
Underground	Police station/ Police box
Bridge, underpass	Hospital
	Disaster radio broadcast system
	Water level observation site

Note1: School zone (block) boundaries are approximate.
Note2: The names of evacuation centers in school zones (blocks) are shown in blue.

Estimated flooding areas and maximum water level

River overflow flooding	Evacuation
5.0m ~ Flooding above 2nd floor roof	Areas where evacuation is required (due to building collapse)
3.0~5.0m Flooding of 2nd floor	Riverbank erosion Area where buildings may collapse due to embankment destruction
0.5~3.0m Flooding up to 1st floor ceiling	Overflow Areas where buildings may collapse due to water flow
0~0.5m Flooding up to adult knee	Sediment disaster
Inland water flooding	Sediment disaster risk areas
0.5m ~ * Evacuation difficult due to water flow	Sediment disaster hazard areas
0~0.5m	
Historically flooded area * Areas where flooding occurred due to heavy rain in 2008 or later	

Note: See P11 for the difference between river overflow flooding and inland water flooding.

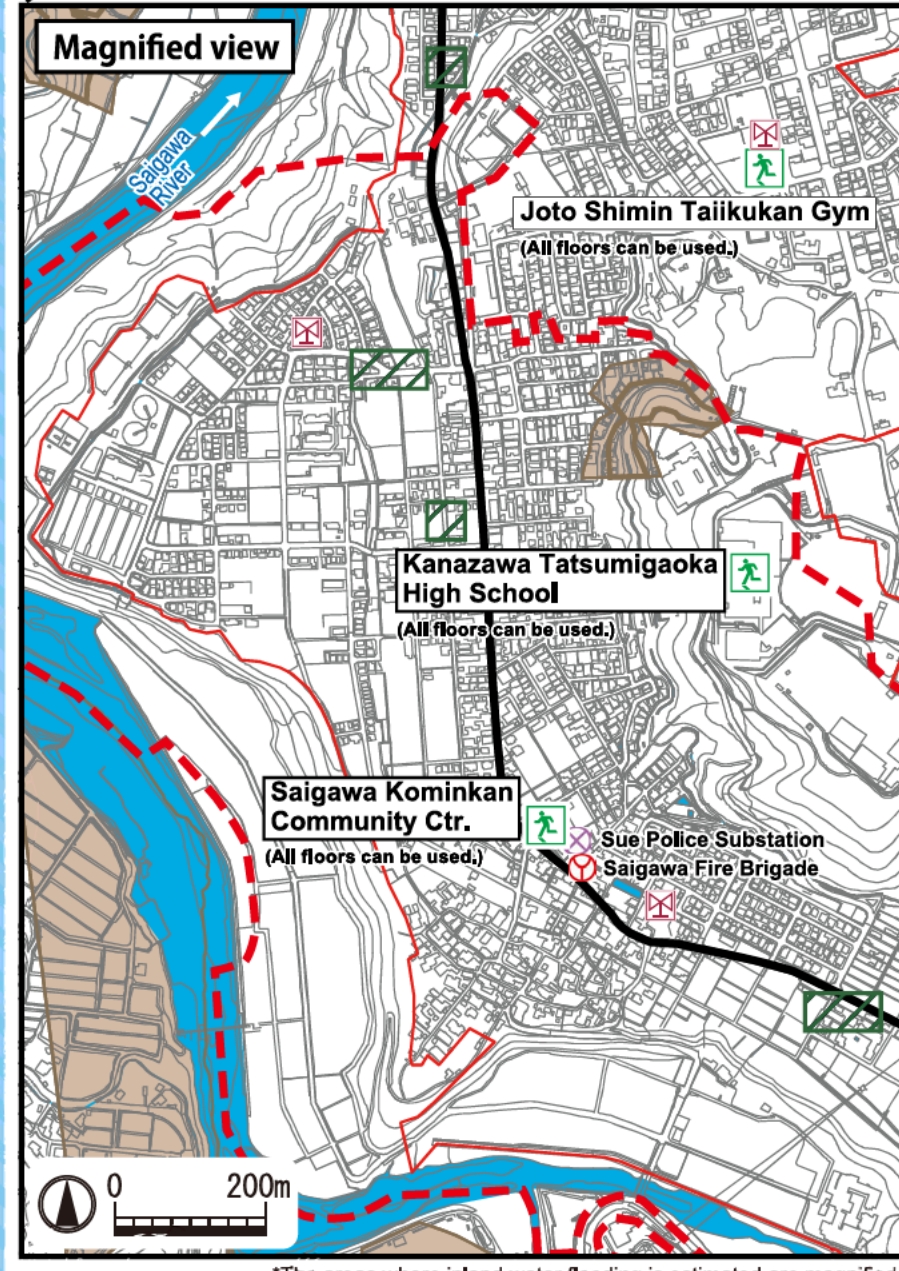

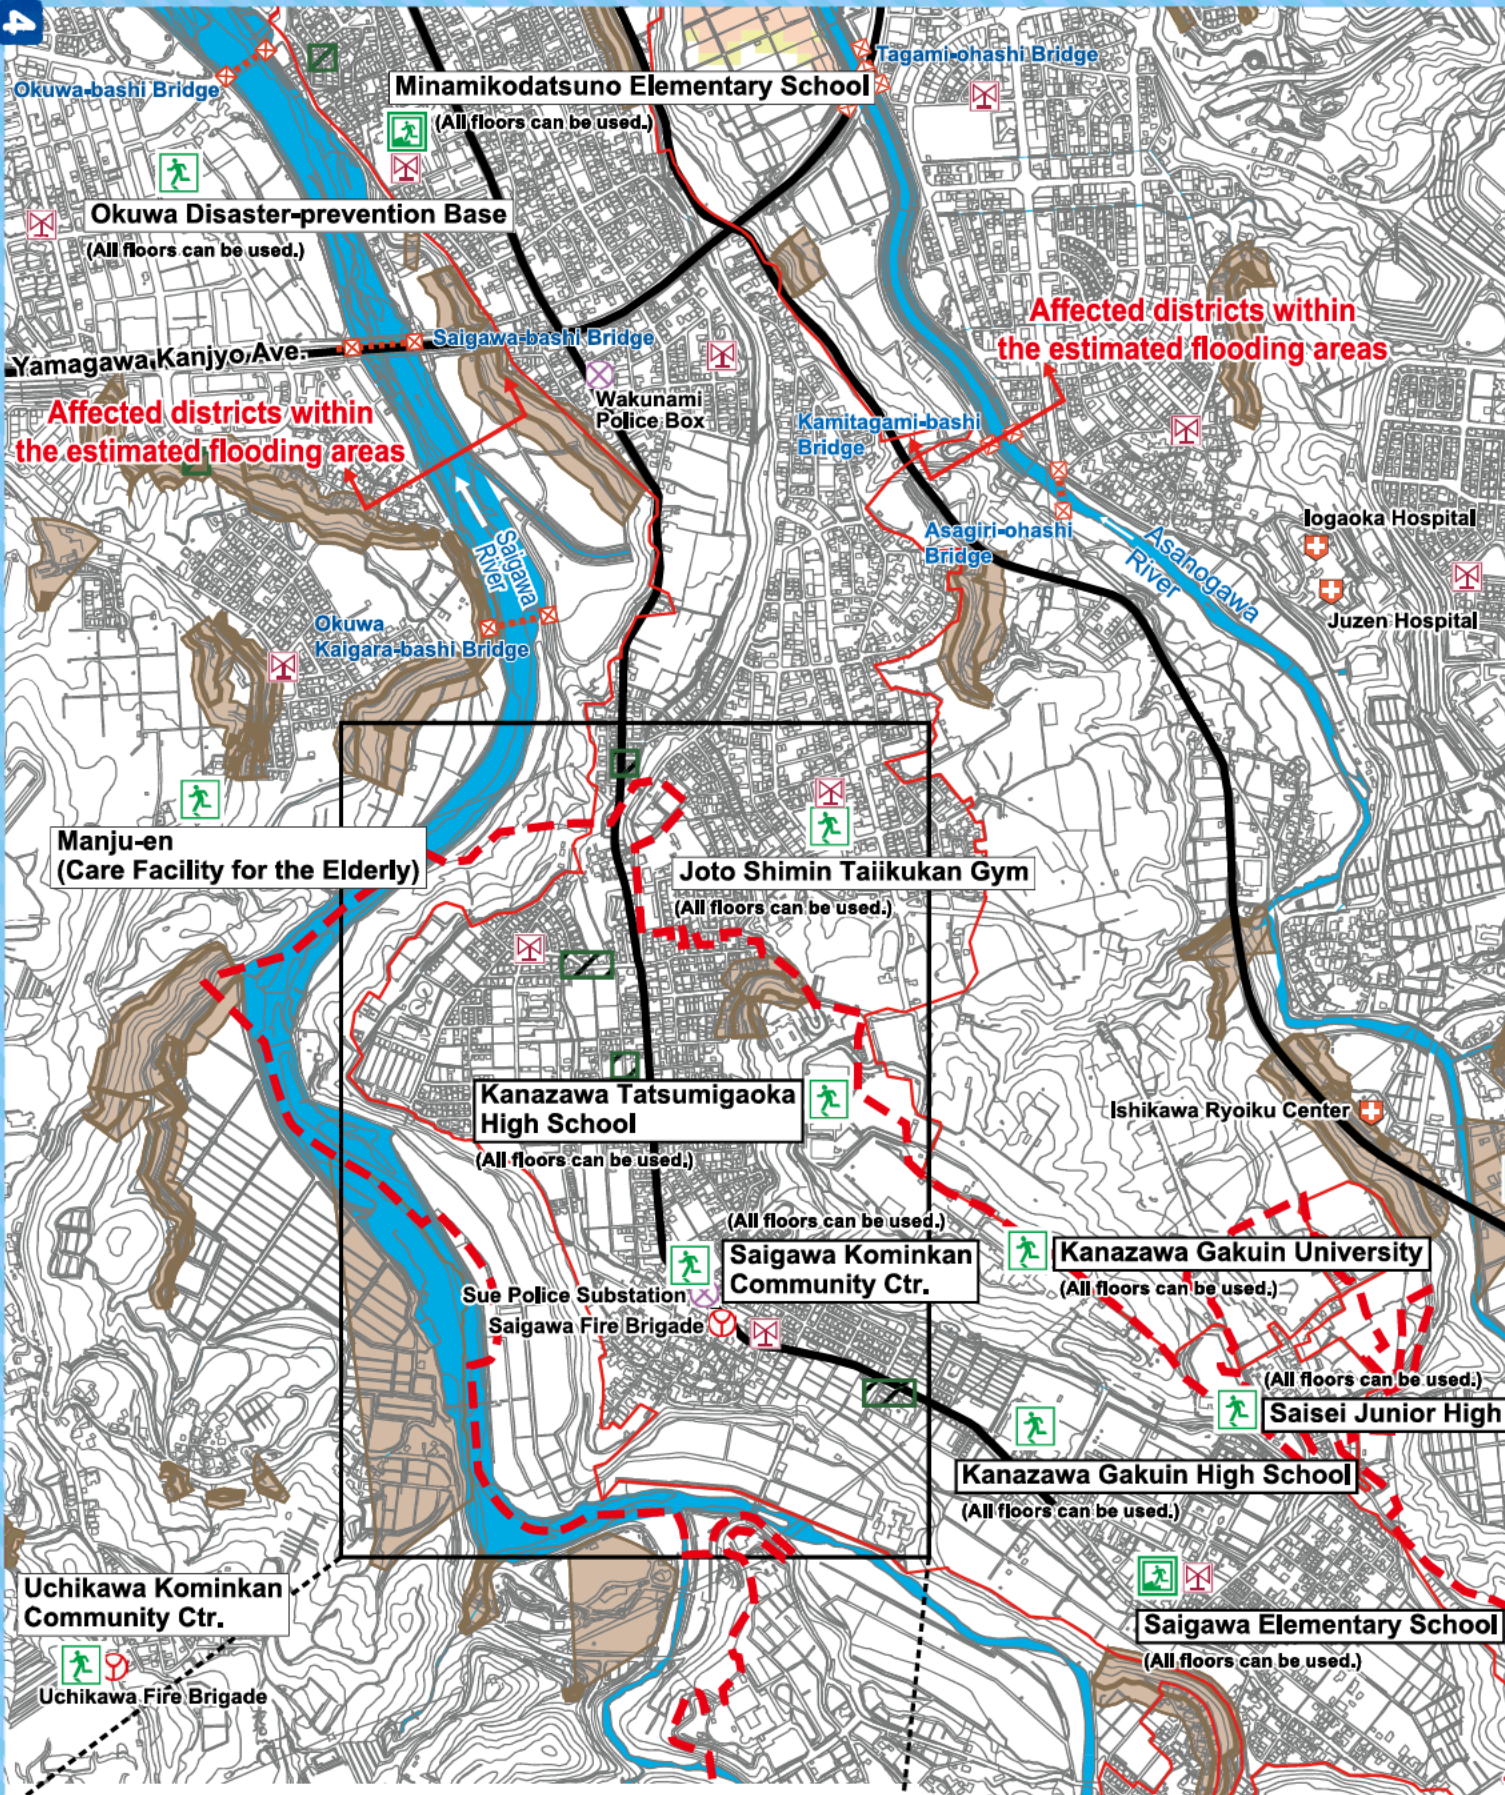

*The areas where inland water flooding is estimated are magnified.

Kanazawa Flood Hazard Map Saigawa School Zone

Heavy rain that occurs once every 100 years
(Saigawa River/ Asanogawa River)
Estimated flood scale

Rainfall criteria prerequisite to designation of estimated flooding areas
Saigawa River: two day total rainfall 314mm
Asanogawa River: two day total rainfall 256mm
(Heavy rain that, in general, occurs once every 100 years)

This hazard map shows a simulation of river overflow flooding due to heavy rain that occurs once every 100 years (in general), including the range and risk of flooding. In addition, areas historically flooded due to inland water flooding since 2008 or later are included. Please note there is a potential for flooding in the areas outside the estimated areas, depending on rainfall conditions.

Legend

Scale: 1:15,000
0 0.75 1.5km

*The areas where inland water flooding is estimated are magnified.

My Family's Disaster Notebook

● Fill in the blanks to complete your disaster notebook.

Evacuation centers/ Evacuation routes

* Determine multiple evacuation centers and multiple routes there, and mark them on the map.

Evacuation centers

Items to carry

* Share information of the storage places among family members.

Storage places

Shared commitment

* Please cooperate in your community to help people who need evacuation support.

Commitment

[For reference] Evacuation centers in your area and nearby areas (The available floors are for estimated maximum scale rainfall)

Name	Address	Tel	Available floors	Name	Address	Tel	Available floors
Saigawa Elementary School	2-148 Sue-machi	229-0008	All floors	Saigawa Kominkan Community Ctr.	6-67-1 Sue-machi	229-0949	All floors
Saisei Junior High School	10-4 Sue-machi	229-3347	All floors	KIT Amaike Nature Garden Gym	3 Amaike-machi	229-1676	All floors
Kanazawa Tatsumigaoka High School	Ni-18 Sue-machi	229-2552	All floors	Minami-kodatsuno Elementary School	2-5-1 Wakunami	261-9414	All floors
Kanazawa Gakuin University	10 Sue-machi	229-1181	All floors	Joto Gymnasium	2-346 Tsuchishimizu	229-3230	All floors
Kanazawa Gakuin High School	10 Sue-machi	229-1180	All floors	Okuwa Evacuation Center	3-80 Okuwa	220-2366	Not available

* Evacuation centers in your area and nearby areas are indicated in blue and yellow-green, respectively.
